Dear Sir or Madam,

Energy plays a critical role in our day-to-day lives and ensures the well-being of our community. That is why we are investing in infrastructure upgrades in your area that will enable us to provide safe and reliable natural gas to our customers for years to come.

Safety is our top priority, so please know National Grid and its contractors will remain vigilant by continuing to adhere to all COVID-19 safety guidelines set by the CDC, New York State, and our local permitting authorities, protecting our employees, customers and the public.

**weather dependent and occasional non-weekday work may be required*

For your safety, please be mindful of the site during and after construction hours.
