

November is a special month because it's the month we recognize the service of our Veterans who have put their lives on the line for the protection of our country. It is also the month we reflect on all that we are thankful for, this includes the opportunity to again visit family and friends for Thanksgiving. In 2020, many of us did not have this opportunity, because as you know, we were in the height of COVID-19. Even now, we're still in the midst of COVID -19, and it's important to be vaccinated, especially when meeting with those that do not live in your household.

I am Thankful for your consistent support attending board/ committee meetings and community events. Wishing all of you a Happy and Healthy Thanksgiving.

What else has the Board done since our October meeting?
